

Corrected description for HCPCS Codes: C8931

Posted: January 5, 2011

CMS originally released the 2011 codes with C8931 and C8933 having the same description. They have since posted a corrected file. The correct descriptions for these codes are:

C8931 Magnetic resonance angiography with contrast, spinal canal and contents

C8933 Magnetic resonance angiography without contrast followed by with contrast, spinal canal and contents

This change will be reflected in the April 2011 update of our updateable HCPCS product.
